PERSERVERANCE

In Wuldi, we show perseverance during Word Study when we practise our Oxford Words until we spell them correctly.

During Guided Reading we show perseverance when reading with others.

During science activities we show perseverance, doing things that make us feel uncomfortable or doing the experiment until we get it correct.

We show perseverance when doing our work to produce our best work.

Oral Language

We are having a big focus on using play to develop **our children's vocabulary**. The Regional Team of Sue Record (*Principal's Consultant*) and Gordon Combes (*Early Years Consultant*) are supporting us to best implement this exciting project from Pulyeri to Wuldi. It has been rewarding and FUN to be working together to better **support children's learning**, by applying educational research to develop a targeted approach to **improving children's vocabulary**. This initiative supports our whole school focus on reading.
